

Moving and Handling Practical training Disclaimer Form.

Moving and Handling Practical training is part of the Trust Mandatory Training Programme.

It is both a legal requirement of the Health and Safety Executive (HSE) and the NHS Litigation Authority (NHSLA) Training Needs Analysis that all staff handling patients within their roles must complete this mandatory training course on a 3 yearly basis.

You **must carefully consider** your involvement and / or contact with any patient, which may include the following examples:

- Moving a patient
- Assisting a patient with moving
- Transporting a patient

If you are certain that your role **DOES NOT**, or **WILL NOT** involve any of the above you must complete the attached disclaimer to which you confirm personally that you accept full responsibility and that you fully understand the implications of moving and handling without Trust approved training on your professional accountability and registration and falsifying information would lead to Disciplinary Action being taken under the Trust Disciplinary Policy.

(Please consider the above very carefully as you may need to move departments or cover staff shortages which may change things).

If you are completing the disclaimer slip please return to:

Michael McDowell. Learning and Development, 42 Whinney Heys Road, BVH

.....

Blackpool Teaching Hospitals 
NHS Foundation Trust

I can confirm that I do not and will never be moving or handling a patient in any way at any time:
