

ESR e-Learning via the Employee Self Service Portal

ESR e-Learning is accessed via the **Employee Self Service** portal. This is the same portal where you can view and print your online payslips, view your Total Rewards statements and also update your personal contact information and banking details.

The weblink to ESR Employee Self-Service portal is <https://my.esr.nhs.uk> From here you will be required to enter your unique username (e.g. 096JBLOGGS01) and password. If you haven't been provided with your username and password for **Employee Self Service** yet or you have forgotten them, you

The link will take you to the following screen.

The screenshot shows the NHS Electronic Staff Record login page. It features a blue header with the NHS logo and the text 'Electronic Staff Record' and 'NHS Electronic Staff Record'. The main content area is titled 'NHS Electronic Staff Record' and contains a 'Log in with your credentials' section. This section includes a 'Username*' field with the example '096JBLOGGS01' and a 'Password*' field. Below these fields is a blue button labeled 'Log in via Username/Password'. There is also a 'Log in with your Smartcard' section with a 'Log in via Smartcard' button. Three red callouts are overlaid on the page: the first points to the Username field with the text '1: Username: 096JBLOGGS01', the second points to the Password field with the text '2: Enter your password here', and the third points to the 'Log in via Username/Password' button with the text '3: Click here to enter'.

When your log-in credentials have been accepted and the ESR Self-Service Portal screen loads, you will be presented with a screen like the one below.

On the left-hand side of the screen you will see the main menu list of options that you can choose from to navigate your way around the Portal.

To access the e-Learning modules in ESR your next step is to click on the **View my Compliance** button from the compliance portlet. Your screen will change and you will be taken to a new screen where you are able search for the e-Learning module that you are looking for.
