

## TEACHING

The Trust, in conjunction with the Education Centre, provides many opportunities to receive training and education. Ultimately it is the trainee's responsibility to attend appropriate sessions and reflect on these events. If there are difficulties attending these events, it should be raised first with their ES/CS and then with their College Tutor/TSTL and ultimately with the Education Department. These events will be advertised via email, twitter and the Education website.

DEPARTMENTAL TEACHING		
DEPARTMENT	DATE & TIME	CONTENT
AMU	Tuesday – 12.30-14.00 – at A&E seminar room	Presentation by trainees on Case based discussions, guidelines and curriculum based teaching.
ANAESTHETICS	See Programme	New starter tutorials Monday PM
