Incident Reporting

All issues, concerns and incidents must be reported onto the Trust's incident reporting system without any delay, escalated to senior managers or directors and reported appropriately to the Safeguarding Team. Staff who have been affected by an incident themselves or feel they cannot follow the process as set out for whatever reason, or feel they have not been listened to, can contact the Safeguarding Team personally or contact the Freedom to Speak Up Guardian. Details on how to do this, can be found on the Trust's intranet: <https://www.bfwh.nhs.uk/onehr/hr-policies-advice/freedom-to-speak-up-guardian/>

If you have concerns about an issue or incident, you can escalate your concern to your year lead.
