

Blackpool, Teaching Hospitals NHS Foundation Trust
(Care Quality Commission Certification Number 1-112793760)

Statement of Purpose – April 2014

1. The aims and objectives of the service provider in carrying out the regulated activity.

Principal Purpose

The principal purpose of the Blackpool Teaching Hospitals NHS Foundation Trust is the provision of goods and services for the purposes of the health service in England. This does not preclude the provision of cross-border services to other parts of the United Kingdom.

2. The kinds of services provided for the purposes of the carrying on of the regulated activity and the range of service users' needs which those services are intended to meet.

The definition of services has been extracted from Monitor's Terms of Authorisation of the Trust as a NHS Foundation Trust.

Mandatory Services

- 2.1 The Trust is required to provide for the purposes of the health service in England the goods and services listed in Schedule 1. This requirement includes an obligation to provide any ancillary services, accommodation and other facilities related to said goods and services and which are generally accepted to be required for the effective, efficient and economic provision of said goods and services in the volumes or amounts specified.
- 2.2 The Trust is required to provide education and training to third parties for the purposes of the health service in England listed in Schedule 2.

Authorised Services

- 2.3 The Trust is authorised to provide goods and services (including education and training, accommodation and other facilities) for purposes related to the provision of health care, subject to written confirmation to Monitor by the Board of Directors that the Board of Directors is satisfied that the Trust has the capacity and the capability to provide said goods and services and that the provision of said goods and services will not inhibit the provision by the Trust of the mandatory goods and services referred to in section 2.1 and listed in Schedule 1.
- 2.3 The Trust is authorised to carry out research in connection with the provision of health care, subject to written confirmation to Monitor by the Board of Directors that the Board of Directors is satisfied that the Trust has the capacity and the capability to provide said research, that all relevant authorisations with respect to the carrying out of said research have been secured, that the said research will be carried out in accordance with the generally accepted ethical standards and that the said research will not inhibit the provision by the Trust of the mandatory goods and services referred to in section 2.1 and listed in Schedule 1.
- 2.5 The Trust is authorised to make facilities and staff available for the purposes of education, training or research carried on by others.

Schedule 1

The services provided by the Trust are expected to meet users' needs across the following range of specialties detailed below. A statement for each of the services provided is detailed in Appendix 1.
