1 PURPOSE

To provide guidance on the selection and management of woman who are suitable for outpatient induction of labour.

2 TARGET AUDIENCE

All medical staff and midwives working within the maternity unit of Blackpool Teaching Hospital NHS Foundation Trust.

3 PROTOCOL

3.1 Introduction

Induction of labour is an intervention designed to artificially initiate uterine contractions leading to progressive dilatation and effacement of the cervix and delivery of the baby.

3.2 Outpatient induction of labour

This method of induction of labour is offered strictly to low risk women who meet all the eligibility criteria

3.2.1 Eligibility Criteria

- Low risk pregnancy
- Para 3 or less
- Post-dates pregnancy (Term + 10-12)
- Singleton and cephalic presentation

Patient must

- Have no medical, obstetric or gynaecological problems
- Have good understanding and able to speak English fluently
- Have access to own transportation
- Have a responsible adult staying with them at home and overnight on induction day
- Live within 45 minutes (driving distance) from Blackpool Victoria hospital
- Able to access telephone for easy communication with Blackpool Victoria Hospital

3.2.2 Process of outpatient induction of Labour

See Appendix 1.

3.2.3 Outpatient induction checklist / Proforma

See Appendix 2.
