

Hi Terri

Welcome back from your hols!

Let me know if anything changes today but it looks like the best trains for me would be:

OUT

07:30 from Euston arr Preston 09:38 then the connecting train arrives at Blackpool North at 10:17

BACK

15:02 from Blackpool North (direct)

Or 15:21 from Blackpool North (change at Preston at 15:59). ... hopefully either should allow time if we do get to do anything in the trust after the meeting.

That might be a bit late for you to pick me up but a taxi shouldn't be any bother. Any idea how long a taxi will take from Blackpool North to the hospital?

Cheers!

Russ

PS any problems on the day I'll give you a call on your mobile – my mobile is [REDACTED]

Subject: RE: Regional meeting 24th June

Hi

I've returned from a/I today, scanned through my emails and there is nothing confirming a catch up with the CEO/Exec Lead so, I'll email them now and hopefully come back to you by the morning.

I'd be happy to collect you from either Preston (no train changes) or Lytham (you'll have to change at Preston) if you're planning on staying (Queen Pub on Lytham front is reasonably priced or the County in Lytham Square). I couldn't suggest Blackpool hotels other than Devere (near Hospital) or the standard Hiltons etc. If you've never been to Blackpool, I can show you the sights, or you can enjoy the quaintness of Lytham and the beautiful seaside walks along the front there and there are plenty of cafes/bistro/pubs for food!

I'd need to be at the Trust by 10 am Monday so if you're coming in on the early train, I could collect you from either Preston, Lytham or Blackpool (North) at around 9.15 ish to get to the Hospital in time to park and prep.

Hope that gives you some ideas until I come back to you. If you need to chat, my mobile is: [REDACTED]

Thanks, Terri

Subject: Regional meeting 24th June

Hi Terri

Hope all is well. Just following up on the chat we had a couple of weeks ago about the regional network meeting. You were going to see if there was any chance of arranging a meeting with your board or similar on the same day. I think we left it fairly loose! I've just checked train times and it looks like if you were arranging something before the regional meet I'd need to come up the night before, if it was afterwards then I won't. Something after the regional meeting would probably be the easier option but I'm flexible either way. Can you let me know what works by Wednesday so I can sort out accommodation if needed? Hope all good

Russ
